

**Certification Process:  
How to Become a Certified Akashic Records Reader (ARR)**

1. Complete Akashic Records training (4 classes, journaling, and all assigned work).
2. Get at least ONE Akashic Records reading from a certified reader (this will be included in your training program fee).
3. Perform 15 practice readings on yourself and record your experiences. These can include your practice readings throughout the class. For each reading, record:
  - a. Date of reading
  - b. Main question
  - c. What you experienced opening & reading the Records
  - d. The answers you received, and how you received them (images, words, sensations, scents, sounds, etc)
  - e. If you encountered any issues (like drawing a blank or feeling resistance), explain how you solved them.
4. Perform 10 practice readings on others. It's best to give readings to a variety of different people, but if you need to give readings to the same person more than once, that's ok. These can include your practice readings from class. For each, record:
  - a. Date of reading
  - b. Client initials
  - c. Main question (also explain if you helped the client phrase his or her questions, and how you did so)
  - d. What YOU experienced giving the reading
  - e. If you encountered any issues, explain how you solved them.
5. Submit your 25 reading write-ups via email to [me@josephinehardman.com](mailto:me@josephinehardman.com)  
Please include your mailing address and exactly how you want your name to be spelled on your certificate.
6. Receive and incorporate instructor feedback into your reading protocol and method. (I'll send this via email.)
7. Receive your ARR certificate in the mail and start giving professional-level readings!
